A WORK IN PROGRESS

The museum continues to be a work in progress. Several improvements have been made to the facility in the past few months:

A new metal roof was put on the Lupardus cabin.

Railings were added for your safety.

Lighting was added to enhance the displays along the walls of the event room on the lower level.

RELATIONSHIP CHART

Instructions:

1. Identify the most recent common ancestor of the two individuals with the unknown relationship.
2. Determine the common ancestor's relationship to each person (for example, grandparent or great-grandparent).

3. In the topmost row of the chart, find the common ancestor's relationship to cousin number one. In the far-left column, find the common ancestor's relationship to cousin number two.

4. Trace the the row and column from step 3. The square where they meet shows the two individuals' relationship.
